

BABA YAGA

HOSPITALITY RIDER 2026

The band travels with **6 or 7 people** (5 musicians, 1 sound engineer, and, if applicable, 1 person for merchandise sales).

MEALS & DRINKS

Please provide the band with at least one full meal, including a vegetarian option, as two band members do not eat meat. The meal can be served either before or after the concert, depending on prior agreement. Apart from this, there are no further dietary restrictions.

At the venue, please provide light snacks (e.g. fruit, finger food, muesli bars, sandwiches), water, coffee, non-alcoholic beer, beer, Coke Zero, Club-Mate, and spritzer-style fruit juices / juice spritzers.

On stage, please provide **5 bottles of still water** (non-carbonated), ideally 500 ml each. During the summer, we would appreciate a double supply.

BACKSTAGE AREA

A dedicated backstage room should be available exclusively for the band. This room will be used to store valuables and equipment and must therefore be secure and lockable.

The room should have:

- Privacy (e.g. a screen or curtain)
- A mirror
- At least one power outlet
- A washbasin or another option for washing hands
- Ideally, a toilet in the backstage area accessible exclusively to staff and/or the band
- The food and drinks listed above
- During summer festivals: sunscreen and insect repellent

WEATHER CONDITIONS: SUN PROTECTION / PROTECTION FROM COLD

As Baba Yaga performs exclusively with acoustic instruments, some of which are made of wood and have steel strings, it is important to take weather conditions into consideration.

The band **cannot perform in direct sunlight during the summer**. Adequate shade must therefore be provided. Temperatures above **30°C** are also only possible to a limited extent.

Likewise, outdoor performances in winter are not possible without adequate heating. The band cannot perform at temperatures below **15°C**.

BABA YAGA

During the summer, adequate shade should also be provided for the sound engineer. In winter, a warm, sheltered area should be provided if necessary.

ON STAGE

Please provide **5 towels** and, as mentioned above, **5 bottles of still water** (non-carbonated).

OVERNIGHT ACCOMMODATION

If the venue is more than **2.5 hours' drive from Vienna**, we kindly ask, upon prior consultation, for overnight accommodation.

We require **6 single rooms**.

MERCHANDISE SALES

Please provide us with a **table** for selling our CDs and vinyl records.

Ideally, the table should be **at least one metre long**.

TRANSPORT

Please reserve a **parking space** for us.

For travel to and from the venue, mileage expenses will be reimbursed upon prior agreement, in accordance with the Austrian standard mileage rate of **€0.50 per kilometre**.
